P.Sahil Kumar

📞 +91-9030265788 | ✉ p.sahilkumar2005@gmail.com | in [Linkedin](#) | 📍 Hyderabad, India

Professional Summary

Computer Science graduate with hands-on experience in Python, SQL, Web Development, and Machine Learning. Strong understanding of data analysis, supervised learning models, and cybersecurity fundamentals including encryption, authentication, and hashing. Experienced in building real-world projects such as portfolio websites, freelancing platforms, and automated applications using HTML, CSS, JavaScript, and Node.js. Adept at problem-solving, logical reasoning, and translating technical solutions into business-ready applications.

Education

Vidya Jyothi Institute of Technology — Hyderabad, India
Bachelor of Technology in Computer Science (Data Science) – CGPA: 8.71/10.0 — Aug 2022 – May 2026

Narayana Junior College — Hyderabad, India
Intermediate (MPC) – Percentage: 94.2% — Jun 2020 – May 2022

Technical Skills

Programming Languages: Java, Python, C, JavaScript, SQL
Web Technologies: HTML5, CSS3, JavaScript, Node.js, RESTful APIs
Databases: MongoDB, SQL
Tools & Platforms: Git, VS Code, Agile/Scrum

Experience

Salesforce Developer Intern — May 2025 – Jul 2025
SmartBridge in collaboration with AICTE NEAT — Remote
- Collaborated in Agile teams to gather requirements, design solutions, and implement automated workflows
- Developed and tested custom Salesforce features including objects, fields, validation rules, and process automation
- Performed integration testing and validation of APIs to ensure seamless data flow between systems
- Identified and documented defects, working closely with development teams to resolve issues efficiently

Projects

Work Sphere – Freelancing Platform | *HTML, CSS, JavaScript, Node.js, MongoDB* — 2024
- Engineered full-stack freelancing portal with intelligent job recommendation system and integrated payment solution
- Designed and implemented RESTful APIs with comprehensive testing using Postman for all endpoints
- Performed API testing validating HTTP methods, status codes, request/response payloads, and error handling
- Conducted functional and integration testing ensuring cross-device compatibility and optimal user experience
- Selected as finalist in Smart India Hackathon 2024, competing among teams in college

Portfolio Website | *HTML, CSS, JavaScript* | [Live Demo](#) — 2024
- Built responsive personal portfolio with performance optimization and mobile-first design principles
- Conducted cross-browser testing and validated functionality across multiple devices and screen sizes

Achievements & Leadership

Smart India Hackathon 2024 Finalist: Selected among teams in college
Student Coordinator: Organized college-level hackathon, managing logistics and participant engagement
Competitive Programming: Active on LeetCode, GeeksforGeeks, HackerRank, and CodeChef
Academic Excellence: Achieved 10.0 GPA in SSC and 94.2% in Intermediate examinations

Certifications

- PCAP: Programming Essentials in Python, Cisco Networking Academy & OpenEDG Python Institute
- Data Analytics & Visualization Job Simulation, Accenture via Forage (Data Cleaning, Visualization)
- Project Excellence in FSD & ML, ExcelR (30 Hours Live Training with Real-World Case Studies)
- C Programming Language, Cisco Networking Academy

Additional Information

Soft Skills: Communication, Teamwork, Adaptability, Time Management, Critical Thinking
Interests: Web Development, Cloud Computing, Machine Learning, Open Source Contribution
Languages: English (Fluent), Hindi (Fluent), Telugu (Native)
